

**Dockyard Apprentices June 1975 - Sept 1980**

*This list of apprentices, both craft and technician, was extracted from a ledger entitled " DEED SIGNING BOOK"*

*This book was probably used by the Personnel Department to ensure that the correct procedure was followed*

*regarding the signing of Apprentice Indentures. The indenture was a contract signed by the apprentice, the parent / guardian and the Adm on satisfactory completion of a 3 month probation period. It normally took place approx 4 months after entry date..*
